

UNITED STATES DISTRICT COURT
DISTRICT OF NEW HAMPSHIRE

Alan Reid, et al.

v.

Case No. 05-cv-272-SM

Clay Kennard

ORDER

Re: Document No. 3, Emergency MOTION to Vacate State Court Order

Ruling: Motion granted in part and denied in part. The state court expedited discovery order is modified as follows. Defendant Kennard shall provide the ordered discovery on or before the close of business on August 10, 2005. While it appears likely that this matter will be referred for arbitration, it is clear that the Board is legally entitled to the internal corporate information it seeks from its president, that the other information ordered produced is discoverable, and that either the court or an arbitrator will benefit from full disclosure of that information in resolving the disputes between the parties. See 28 U.S.C. § 1450.
